Diploma

ISO 21500 and ISO 21502 Project, Programme and Portfolio Management

This certifies that

Farras Muhammad Fikry

passed the test in ISO 21500 and ISO 21502 Project, Programme and Portfolio Management on 23 August 2025

This diploma verifies that the above-mentioned has attended the Project Management course at DTU and passed the online test on DS/ISO 21500 and DS/ISO 21502 Guidance on Project Management. The international standards ISO 21500 and ISO 21502 give guidelines for project management.

Danish Standards is the national standardization organization in Denmark. We contribute to the work of the European organizations and the international standardization organizations. Danish Standards provides a framework in which the business sector can meet on neutral ground and create a solid foundation for a future of growth.

Danish Standards sells standards, ecolabels, courses, and consultancy services and promotes knowledge about standards and ecolabels – and their value. Through our more than 220 standardization committees, all interested parties can participate in the development of standards.
